Education

Sir Padampat Singhania University

2023 – Present

B.Tech in Computer Science and Engineering - Data Science, Currently in 4th semester

Sri Prakash Junior College

2021 – 2023

MPC (Mathematics, Physics, Chemistry), Percentage: 96.1%

Manasa English Medium High School

2021

Percentage: 94.0%

Projects

Real-Time Stock Analysis Dashboard /Stock-Dashboard [↗](#)

- Tech Stack: Python, Streamlit, Plotly, yFinance
- Developed an interactive stock analysis dashboard to visualize real-time market data
- Implemented technical indicators such as Moving Average (MA) and Relative Strength Index (RSI) for trend analysis
- Designed dynamic and responsive charts to track stock price movements across different time intervals
- Integrated live data fetching with auto-refresh functionality for up-to-date insights

Customer Segmentation using K-Means with Tableau Dashboard /customer-segmentation [↗](#)

- Tech Stack: Python, Pandas, Scikit-learn, Tableau
- Developed a K-Means clustering model to segment customers based on income and spending behavior
- Performed data preprocessing and feature scaling to prepare data for clustering
- Identified 5 customer segments and derived actionable business insights
- Built an interactive Tableau dashboard to visualize segments and support decision-making

Skills

Programming Languages: C, C++, Java, MySQL, R Programming, Tableau

Core Subjects: Data Structures, Operating Systems, Computer Networks

Tools: Cisco Packet Tracer

Concepts: Data Structures & Algorithms, OOP, OS (Process & Memory Management, Multithreading), Computer Networks (TCP/IP, Routing), DBMS (SQL, Normalization), Problem Solving & Competitive Programming

Languages Known: English, Telugu, Hindi

Activities

- Participated in networking and operating system lab sessions.
- Configured routers and switches using Cisco Packet Tracer.
- Engaged in algorithm problem-solving and classroom discussions.

Certificates

IBM Data Science 101 Certification

NPTEL Java Programming Certification

NPTEL E-Business Certification
