Education

Sir Padampat Singhania University

B.Tech in Computer Science and Engineering - Data Science, Currently in 7th Semester 2023 – Present

Sri Prakash Junior College

MPC (Mathematics, Physics, Chemistry), Percentage: 96.1% 2021 – 2023

Manasa English Medium High School

Secondary School Education, Percentage: 94.0% 2021

Projects

AI-Driven Job Recommendation System & Skill Gap Analysis /AI-Job-Recommendation-System

- Tech Stack: Python, Flask, Scikit-learn, NLP, MySQL
- Built an AI-based system to recommend jobs by matching resumes with job descriptions.
- Implemented resume parsing, skill extraction and skill gap analysis using NLP.
- Generated personalized learning recommendations for missing skills.

Real-Time Stock Analysis Dashboard /Stock-Dashboard

- Tech Stack: Python, Streamlit, Plotly, yFinance
- Developed an interactive dashboard for real-time stock analysis.
- Implemented Moving Average (MA) and Relative Strength Index (RSI).
- Designed responsive charts with live market data.

Customer Segmentation using K-Means with Tableau Dashboard /customer-segmentation

- Tech Stack: Python, Pandas, Scikit-learn, Tableau
- Built a K-Means clustering model to segment customers.
- Performed data preprocessing and feature scaling.
- Created an interactive Tableau dashboard for visualization.

Skills

Programming Languages: C, C++, Java, MySQL, R Programming, Tableau, Excel, Power BI

Core Subjects: Data Structures, Operating Systems, Computer Networks

Tools: Cisco Packet Tracer

Concepts: Data Structures & Algorithms, OOP, OS (Process & Memory Management, Multithreading), Computer Networks (TCP/IP, Routing), DBMS (SQL, Normalization), Problem Solving & Competitive Programming

Languages Known: English, Telugu, Hindi

Certifications

- IBM Data Science Professional Certificate
- IBM Python for Data Science
- NPTEL Programming in Java
- NPTEL E-Business
- Cisco Python Essentials
- Google Data Analytics
